

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 1240 – SB 1210

March 10, 2011

SUMMARY OF BILL: Eliminates from the definition of “under direct supervision” that the pesticide applicator or operator is within a 120-mile radius at the time and place the pesticide is applied, sold, or bought. Directs that the pesticide applicator or operator be physically present or in direct communication when the pesticide is applied or sold.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- According to the Department of Agriculture, there are currently very few, if any, pest control companies that had to open a new office because a pest control operator operates outside of the 120-mile radius.
- The Department does not anticipate a reduction in licensing fee revenue, and the fiscal impact to state government is estimated to be not significant.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

James W. White, Executive Director
